**My Story:**

Since the middle of 1980 I had been called by God through doing students ministry in my previous campus. The vision got bigger and bigger to serve students in Indonesia. In 1988 after graduation, I was serving through FES Indonesia (Perkantara), involved in pioneering student fellowship in Sumatra, Kalimantan until Papua. I moved to OMF International in 2000 preparing and equipping Indonesians to serve as missionaries in East Asian countries. Indonesian Care (Urban Poor Ministry) was formed in the mid 2010s.
